Dr. N. Burwash,

20 Alvin Avenue,

Toronto.

Dear Dr. Burwash:

I have to draw up on behalf of the Board of Governors a resolution setting forth the services of Mrs. Massey Treble to the University. I know no one who can give me more information than yourself. If you will be kind enough to send me what you consider the outstanding facts I shall endeavour to embody the information in a suitable resolution?

With kind regards, I am,

Yours sincerely,

President.

My dear Dr. Burwash:

Miss Laird has just reminded me that Friday, the 3rd of December, will be the anniversary of the laying of the corner stone of the Household Science Building, and she has suggested that it would be appropriate to have a meeting of the students in Household Science that afternoon at which the career of Mrs. Treble could be referred to. I have approved of her suggestion and hope that you will be able to be present at that meeting at a little after four and speak on the work of Mrs. Treble.

I am preparing a resolution for the Board from the material which you have kindly provided me with.

Yours sincerely,

President.

Dear Dr. Burwash:

I am sorry to know that you have been suffering from the Cripps and I hope that the change in the weather will allow you to get out again.

I will give the names of your two nephews to Colonel Lang , and as soon as I get intimation from Ottawa that they have authorised the formation of the overseas Infantry Company and the Artillery I am sure that he will communicate with them.

With kind regards, I am,

Yours sincerely,

President.
